
Second In Line...

Have you ever met our vice-president, Jackie McNaughton? No? Well, that is because she is always on the go! If it's not golfing, she is busy cavorting with her grandchildren. She may be reading, or she may not even be home - traveling somewhere in the world. Incidentally, her favorite spot (thus far!) is Lake Garda in Tuscany, which she last saw two years ago.

Jackie has been the BCREA vice-president for one year. She retired from Tabernacle School District in 2001 after 27 years: seventeen in eighth grade and the in grades 4, 5, and 7. Her happiest moments in teaching were those occasions when "the light went on," and a youngster got what she was trying to convey. As with many

teachers, she regretted not having the time to do all she wanted to do.

Growing up as an "army brat," Jackie has lived on bases all over the world. She attended the University of Tampa and then went to Rowan. At present, she lives in Kings Grant, Marlton, and has been there for 22 years.

In 1997, Jackie was the Teacher of the Year in Tabernacle. Besides

being with her grandchildren, Jackie also does much volunteering at her church.

Though she is generally a smiling and optimistic person, do not ask her about Governor Christie!

We wish her a continued happy and healthy retirement; BCREA is fortunate to have her as an officer.
